## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | Kazald1                                                  |
| Binding Specificity: | AA 31-304                                                |
| Reactivity:          | Human                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This Kazald1 antibody is un-conjugated                   |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), ELISA |

## Product Details

|               |                                                             |
|---------------|-------------------------------------------------------------|
| Purpose:      | Anti-Human KAZALD1 Polyclonal Antibody                      |
| Immunogen:    | E. coli - derived recombinant Human KAZALD1 (Arg31-Tyr304). |
| Isotype:      | IgG                                                         |
| Purification: | Antigen affinity purification.                              |

## Target Details

|                   |                                                                           |
|-------------------|---------------------------------------------------------------------------|
| Target:           | Kazald1                                                                   |
| Alternative Name: | KAZALD1 ( <a href="#">Kazald1 Products</a> )                              |
| Background:       | KAZALD1, Kazal-type serine protease inhibitor domain-containing protein 1 |
| UniProt:          | <a href="#">Q96I82</a>                                                    |

## Target Details

Pathways: [Growth Factor Binding](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: 0.01M PBS, pH 7.4, 50 % glycerol, 0.05 % Proclin 300.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C,-80 °C

Storage Comment: Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 4°C for frequent use.Store at -20 to -80 °C for twelve months from the date of receipt.
