## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | NDUFAB1                                                  |
| Binding Specificity: | AA 5-129                                                 |
| Reactivity:          | Human                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This NDUFAB1 antibody is un-conjugated                   |
| Application:         | Immunohistochemistry (IHC), Western Blotting (WB), ELISA |

## Product Details

|               |                                                            |
|---------------|------------------------------------------------------------|
| Purpose:      | Anti-NDUFAB1 Polyclonal antibody                           |
| Immunogen:    | E. coli - derived recombinant Human NDUFAB1 (Val5-Glu129). |
| Isotype:      | IgG                                                        |
| Purification: | Antigen affinity purification.                             |

## Target Details

|                   |                                                                                                        |
|-------------------|--------------------------------------------------------------------------------------------------------|
| Target:           | NDUFAB1                                                                                                |
| Alternative Name: | NDUFAB1 ( <a href="#">NDUFAB1 Products</a> )                                                           |
| Background:       | ACP,CI-SDAP,NADH-ubiquinone oxidoreductase 9.6 kDa subunit,Acyl carrier protein,mitochondrial,NDUFAB1, |

## Target Details

---

UniProt: [O14561](#)

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

---

Restrictions: For Research Use only

---

## Handling

---

Format: Liquid

---

Buffer: 0.01M PBS, pH 7.4, 50 % glycerol, 0.05 % Proclin 300.

---

Preservative: ProClin

---

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

---

Storage: 4 °C,-20 °C,-80 °C

---

Storage Comment: Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 4°C for frequent use.Store at -20 to -80 °C for twelve months from the date of receipt.
