## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | OMG                                                      |
| Binding Specificity: | AA 28-251                                                |
| Reactivity:          | Mouse                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This OMG antibody is un-conjugated                       |
| Application:         | ELISA, Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|               |                                                         |
|---------------|---------------------------------------------------------|
| Purpose:      | Anti-Mouse OMG Polyclonal Antibody                      |
| Immunogen:    | E. coli - derived recombinant Mouse OMG (Leu28-Gly251). |
| Isotype:      | IgG                                                     |
| Purification: | Antigen affinity purification.                          |

## Target Details

|                   |                                      |
|-------------------|--------------------------------------|
| Target:           | OMG                                  |
| Alternative Name: | OMG ( <a href="#">OMG Products</a> ) |
| Background:       | Oligodendrocyte-myelin glycoprotein  |
| UniProt:          | <a href="#">Q63912</a>               |

## Target Details

Pathways: [Neurotrophin Signaling Pathway, Regulation of Cell Size](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: 0.01M PBS, pH 7.4, 50 % glycerol, 0.05 % Proclin 300.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C,-80 °C

Storage Comment: Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 4°C for frequent use.Store at -20 to -80 °C for twelve months from the date of receipt.
