## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | CXCL7 (PPBP)                                             |
| Binding Specificity: | AA 59-128                                                |
| Reactivity:          | Human                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This CXCL7 antibody is un-conjugated                     |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC) |

## Product Details

|               |                                                                          |
|---------------|--------------------------------------------------------------------------|
| Purpose:      | Anti-PPBP/CXCL7/NAP-2 Polyclonal antibody                                |
| Immunogen:    | E. coli - derived recombinant Human PPBP / CXCL7 / NAP-2 (Ala59-Asp128). |
| Isotype:      | IgG                                                                      |
| Purification: | Antigen affinity purification.                                           |

## Target Details

|                   |                                                                                                                                                                             |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | CXCL7 (PPBP)                                                                                                                                                                |
| Alternative Name: | PPBP ( <a href="#">PPBP Products</a> )                                                                                                                                      |
| Background:       | NAP-2,NAP-2(1-63),NAP-2(73),PPBP,CXCL7,PBP,Small-inducible cytokine B7,Macrophage-derived growth factor,LA-PF4,Leukocyte-derived growth factor,CTAP-III,CTAP-III(1-81),Low- |

## Target Details

affinity platelet factor IV,TGB1,Beta-TG,C-X-C motif chemokine 7,MDGF,Platelet basic protein,LDGF,NAP-2(74),THBGB1,NAP-2(1-66),CTAP3,SCYB7,

UniProt: [P02775](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: 0.01M PBS, pH 7.4, 50 % glycerol, 0.05 % Proclin 300.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C,-80 °C

Storage Comment: Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 4°C for frequent use.Store at -20 to -80 °C for twelve months from the date of receipt.
