## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | WTAP                                                     |
| Binding Specificity: | AA 1-150                                                 |
| Reactivity:          | Human                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This WTAP antibody is un-conjugated                      |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC) |

## Product Details

|               |                                                         |
|---------------|---------------------------------------------------------|
| Purpose:      | Anti-Human WTAP Polyclonal Antibody                     |
| Immunogen:    | E. coli - derived recombinant Human WTAP (Met1-Asp150). |
| Isotype:      | IgG                                                     |
| Purification: | Antigen affinity purification.                          |

## Target Details

|                   |                                                                                                                                                 |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | WTAP                                                                                                                                            |
| Alternative Name: | WTAP ( <a href="#">WTAP Products</a> )                                                                                                          |
| Background:       | Wilms tumor 1-associating protein, Pre-mRNA-splicing regulator WTAP, hFL(2)D, WT1-associated protein, Female-lethal(2)D homolog, KIAA0105, WTAP |

## Target Details

---

UniProt: [Q15007](#)

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

---

Format: Liquid

Buffer: 0.01M PBS, pH 7.4, 50 % glycerol, 0.05 % Proclin 300.

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C,-80 °C

Storage Comment: Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 4°C for frequent use.Store at -20 to -80 °C for twelve months from the date of receipt.
