

Datasheet for ABIN7572415

**Recombinant anti-ARL6 antibody**[Go to Product page](#)

## Overview

|                    |                                                   |
|--------------------|---------------------------------------------------|
| Quantity:          | 100 µg                                            |
| Target:            | ARL6                                              |
| Reactivity:        | Please inquire                                    |
| Host:              | Mouse                                             |
| Expression System: | Mammalian cells                                   |
| Antibody Type:     | Recombinant Antibody                              |
| Clonality:         | Monoclonal                                        |
| Conjugate:         | This ARL6 antibody is un-conjugated               |
| Application:       | Immunohistochemistry (IHC), Western Blotting (WB) |

## Product Details

|               |                                                        |
|---------------|--------------------------------------------------------|
| Purpose:      | Recombinant Anti-BBS3/Arl6 Antibody (N302/46)          |
| Clone:        | N302-46                                                |
| Isotype:      | IgG2a, kappa                                           |
| Purification: | Protein A or G purified from cell culture supernatant. |
| Purity:       | >95 % by SDS-PAGE.                                     |

## Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | ARL6                                   |
| Alternative Name: | BBS3 ( <a href="#">ARL6 Products</a> ) |

## Target Details

Background: Bardet-Biedl syndrome 3 protein, BBS3, ADP-ribosylation factor-like protein 6, ARL6

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: 1 mg/mL

Buffer: 0.01M PBS, pH 7.4.

Storage: -20 °C,-80 °C

Storage Comment: Use a manual defrost freezer and avoid repeated freeze-thaw cycles. Store at +4°C short term (1-2 weeks). Store at -20 °C 12 months. Store at -80°C long term.
