

Datasheet for ABIN7573128

**Recombinant anti-GLRA3 antibody**[Go to Product page](#)

## Overview

|                    |                                                   |
|--------------------|---------------------------------------------------|
| Quantity:          | 100 µg                                            |
| Target:            | GLRA3 (GLRa3)                                     |
| Reactivity:        | Please inquire                                    |
| Host:              | Mouse                                             |
| Expression System: | Mammalian cells                                   |
| Antibody Type:     | Recombinant Antibody                              |
| Clonality:         | Monoclonal                                        |
| Conjugate:         | This GLRA3 antibody is un-conjugated              |
| Application:       | Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|               |                                                             |
|---------------|-------------------------------------------------------------|
| Purpose:      | Recombinant Anti-Glycine receptor Alpha3 Antibody (N424/83) |
| Clone:        | N424-83                                                     |
| Isotype:      | IgG2a, kappa                                                |
| Purification: | Protein A or G purified from cell culture supernatant.      |
| Purity:       | >95 % by SDS-PAGE.                                          |

## Target Details

|                   |                                                            |
|-------------------|------------------------------------------------------------|
| Target:           | GLRA3 (GLRa3)                                              |
| Alternative Name: | Glycine receptor Alpha3 ( <a href="#">GLRa3 Products</a> ) |

## Target Details

---

Background: Glycine receptor subunit alpha-3, GLRA3

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

---

Format: Liquid

Concentration: 1 mg/mL

Buffer: 0.01M PBS, pH 7.4.

Storage: -20 °C,-80 °C

Storage Comment: Use a manual defrost freezer and avoid repeated freeze-thaw cycles. Store at +4°C short term (1-2 weeks). Store at -20 °C 12 months. Store at -80°C long term.
