

Datasheet for ABIN7574703  
**ADAM22 Protein (His tag)**

[Go to Product page](#)

## Overview

|                               |                                               |
|-------------------------------|-----------------------------------------------|
| Quantity:                     | 100 µg                                        |
| Target:                       | ADAM22                                        |
| Origin:                       | Human                                         |
| Source:                       | Escherichia coli (E. coli)                    |
| Protein Type:                 | Recombinant                                   |
| Purification tag / Conjugate: | This ADAM22 protein is labelled with His tag. |
| Application:                  | Western Blotting (WB), SDS-PAGE (SDS), ELISA  |

## Product Details

|           |                                 |
|-----------|---------------------------------|
| Purpose:  | Recombinant Human ADAM22, N-His |
| Sequence: | Leu370-Asn582                   |

## Target Details

|                   |                                                                                                                                                                                                      |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | ADAM22                                                                                                                                                                                               |
| Alternative Name: | ADAM22 ( <a href="#">ADAM22 Products</a> )                                                                                                                                                           |
| Background:       | ADAM 22, MDC2, Metalloproteinase-disintegrin ADAM22-3, ADAM22, Metalloproteinase-like, disintegrin-like, and cysteine-rich protein 2, Disintegrin and metalloproteinase domain-containing protein 22 |
| Molecular Weight: | 25.59 kDa                                                                                                                                                                                            |
| UniProt:          | <a href="#">Q9P0K1</a>                                                                                                                                                                               |

Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

Handling

|                  |                                                                                                                                                                        |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Lyophilized                                                                                                                                                            |
| Reconstitution:  | Reconstitute in sterile water for a stock solution.                                                                                                                    |
| Buffer:          | Lyophilized from a solution in PBS pH 7.4, 0.02 % NLS, 1 mM EDTA, 4 % Trehalose, 1 % Mannitol.                                                                         |
| Storage:         | 4 °C,-20 °C,-80 °C                                                                                                                                                     |
| Storage Comment: | Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 2 to 8 °C for one week .Store at -20 to -80 °C for twelve months from the date of receipt. |
