

## Datasheet for ABIN7575234

### C1S Protein (His tag)

[Go to Product page](#)

#### Overview

|                               |                                              |
|-------------------------------|----------------------------------------------|
| Quantity:                     | 100 µg                                       |
| Target:                       | C1S                                          |
| Origin:                       | Human                                        |
| Source:                       | Mammalian Cells                              |
| Protein Type:                 | Recombinant                                  |
| Purification tag / Conjugate: | This C1S protein is labelled with His tag.   |
| Application:                  | Western Blotting (WB), SDS-PAGE (SDS), ELISA |

#### Product Details

|           |                              |
|-----------|------------------------------|
| Purpose:  | Recombinant Human C1S, C-His |
| Sequence: | Met1-Asp688                  |

#### Target Details

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| Target:           | C1S                                                                                               |
| Alternative Name: | C1S ( <a href="#">C1S Products</a> )                                                              |
| Background:       | C1 esterase, Complement C1s subcomponent, C1S, Complement component 1 subcomponent s, Drug Target |
| Molecular Weight: | 77.66 kDa                                                                                         |
| UniProt:          | <a href="#">P09871</a>                                                                            |
| Pathways:         | <a href="#">Complement System</a>                                                                 |

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

---

Restrictions: For Research Use only

---

## Handling

---

Format: Lyophilized

---

Reconstitution: Reconstitute in sterile water for a stock solution.

---

Buffer: Lyophilized from a solution in PBS pH 7.4, 1 mM EDTA, 4 % Trehalose, 1 % Mannitol.

---

Storage: 4 °C,-20 °C,-80 °C

---

Storage Comment: Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 2 to 8 °C for one week .Store at -20 to -80 °C for twelve months from the date of receipt.
