## Overview

|                               |                                               |
|-------------------------------|-----------------------------------------------|
| Quantity:                     | 100 µg                                        |
| Target:                       | SLAMF6                                        |
| Origin:                       | Human                                         |
| Source:                       | Mammalian Cells                               |
| Protein Type:                 | Recombinant                                   |
| Purification tag / Conjugate: | This SLAMF6 protein is labelled with His tag. |
| Application:                  | SDS-PAGE (SDS), ELISA, Western Blotting (WB)  |

## Product Details

|           |                                               |
|-----------|-----------------------------------------------|
| Purpose:  | Recombinant Human CD352/SLAMF6 Protein, C-His |
| Sequence: | Met1-Met226                                   |

## Target Details

|                   |                                                                                          |
|-------------------|------------------------------------------------------------------------------------------|
| Target:           | SLAMF6                                                                                   |
| Alternative Name: | CD352/SLAMF6 ( <a href="#">SLAMF6 Products</a> )                                         |
| Background:       | CD352, NTB-A, NK-T-B-antigen, KALI, SLAMF6, Activating NK receptor, SLAM family member 6 |
| Molecular Weight: | 26.43 kDa                                                                                |
| UniProt:          | <a href="#">Q96DU3</a>                                                                   |

## Application Details

---

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
|--------------------|--------------------------------------------------------------------|

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

## Handling

---

|         |        |
|---------|--------|
| Format: | Liquid |
|---------|--------|

|                 |                                                     |
|-----------------|-----------------------------------------------------|
| Reconstitution: | Reconstitute in sterile water for a stock solution. |
|-----------------|-----------------------------------------------------|

|         |                    |
|---------|--------------------|
| Buffer: | 0.01M PBS, pH 7.4. |
|---------|--------------------|

|          |                    |
|----------|--------------------|
| Storage: | 4 °C,-20 °C,-80 °C |
|----------|--------------------|

|                  |                                                                                                                                                                        |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage Comment: | Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 2 to 8 °C for one week .Store at -20 to -80 °C for twelve months from the date of receipt. |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
