## FXYP1 Protein (GST tag,His tag)

[Go to Product page](#)

### Overview

|                               |                                                      |
|-------------------------------|------------------------------------------------------|
| Quantity:                     | 100 µg                                               |
| Target:                       | FXYP1                                                |
| Origin:                       | Human                                                |
| Source:                       | Escherichia coli (E. coli)                           |
| Protein Type:                 | Recombinant                                          |
| Purification tag / Conjugate: | This FXYP1 protein is labelled with GST tag,His tag. |
| Application:                  | SDS-PAGE (SDS), Western Blotting (WB), ELISA         |

### Product Details

|           |                                                |
|-----------|------------------------------------------------|
| Purpose:  | Recombinant Human FXYP1 Protein, N-GST & C-His |
| Sequence: | Glu21-Arg92                                    |

### Target Details

|                   |                                                                                                                                 |
|-------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Target:           | FXYP1                                                                                                                           |
| Alternative Name: | FXYP1 ( <a href="#">FXYP1 Products</a> )                                                                                        |
| Background:       | Sodium/potassium-transporting ATPase subunit FXYP1, PLM, FXYP1, Phospholemman, FXYP domain-containing ion transport regulator 1 |
| Molecular Weight: | 36.55 kDa                                                                                                                       |
| UniProt:          | <a href="#">O00168</a>                                                                                                          |

## Application Details

---

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
|--------------------|--------------------------------------------------------------------|

---

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

---

## Handling

---

|         |             |
|---------|-------------|
| Format: | Lyophilized |
|---------|-------------|

---

|                 |                                                     |
|-----------------|-----------------------------------------------------|
| Reconstitution: | Reconstitute in sterile water for a stock solution. |
|-----------------|-----------------------------------------------------|

---

|         |                                                                                                |
|---------|------------------------------------------------------------------------------------------------|
| Buffer: | Lyophilized from a solution in PBS pH 7.4, 0.02 % NLS, 1 mM EDTA, 4 % Trehalose, 1 % Mannitol. |
|---------|------------------------------------------------------------------------------------------------|

---

|          |                    |
|----------|--------------------|
| Storage: | 4 °C,-20 °C,-80 °C |
|----------|--------------------|

---

|                  |                                                                                                                                                                        |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage Comment: | Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 2 to 8 °C for one week .Store at -20 to -80 °C for twelve months from the date of receipt. |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

---
