

## Datasheet for ABIN7578387 NCOA3 Protein (His tag)

[Go to Product page](#)

### Overview

|                               |                                              |
|-------------------------------|----------------------------------------------|
| Quantity:                     | 100 µg                                       |
| Target:                       | NCOA3                                        |
| Origin:                       | Human                                        |
| Source:                       | Escherichia coli (E. coli)                   |
| Protein Type:                 | Recombinant                                  |
| Purification tag / Conjugate: | This NCOA3 protein is labelled with His tag. |
| Application:                  | Western Blotting (WB), SDS-PAGE (SDS), ELISA |

### Product Details

|           |                                |
|-----------|--------------------------------|
| Purpose:  | Recombinant Human NCOA3, N-His |
| Sequence: | Gly1023-Ala1304                |

### Target Details

|                   |                                                                                                                                                                                                                                                                                                                                                                 |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | NCOA3                                                                                                                                                                                                                                                                                                                                                           |
| Alternative Name: | NCOA3 ( <a href="#">NCOA3 Products</a> )                                                                                                                                                                                                                                                                                                                        |
| Background:       | RAC-3, Class E basic helix-loop-helix protein 42, NCoA-3, Steroid receptor coactivator protein 3, bHLHe42, TRAM-1, ACTR, Receptor-associated coactivator 3, TRAM1, RAC3, BHLHE42, SRC-3, pCIP, Amplified in breast cancer 1 protein, AIB-1, Thyroid hormone receptor activator molecule 1, CBP-interacting protein, AIB1, NCOA3, Nuclear receptor coactivator 3 |
| Molecular Weight: | 33.91 kDa                                                                                                                                                                                                                                                                                                                                                       |
| UniProt:          | <a href="#">Q9Y6Q9</a>                                                                                                                                                                                                                                                                                                                                          |

### Target Details

|           |                                                                                                                                                                                                                         |
|-----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Pathways: | <a href="#">Intracellular Steroid Hormone Receptor Signaling Pathway</a> , <a href="#">Regulation of Intracellular Steroid Hormone Receptor Signaling</a> , <a href="#">Regulation of Lipid Metabolism by PPARalpha</a> |
|-----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

### Handling

|                  |                                                                                                                                                                        |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Lyophilized                                                                                                                                                            |
| Reconstitution:  | Reconstitute in sterile water for a stock solution.                                                                                                                    |
| Buffer:          | Lyophilized from a solution in PBS pH 7.4, 0.02 % NLS, 1 mM EDTA, 4 % Trehalose, 1 % Mannitol.                                                                         |
| Storage:         | 4 °C,-20 °C,-80 °C                                                                                                                                                     |
| Storage Comment: | Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 2 to 8 °C for one week .Store at -20 to -80 °C for twelve months from the date of receipt. |
