## Overview

|                               |                                              |
|-------------------------------|----------------------------------------------|
| Quantity:                     | 100 µg                                       |
| Target:                       | PCSK9                                        |
| Origin:                       | Human                                        |
| Source:                       | Mammalian Cells                              |
| Protein Type:                 | Recombinant                                  |
| Purification tag / Conjugate: | This PCSK9 protein is labelled with His tag. |
| Application:                  | Western Blotting (WB), SDS-PAGE (SDS), ELISA |

## Product Details

|           |                                                    |
|-----------|----------------------------------------------------|
| Purpose:  | Recombinant Human PCSK9 (Asp374Tyr) Protein, C-His |
| Sequence: | Met1-Gln692                                        |

## Target Details

|                   |                                                                                                                                                                                |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | PCSK9                                                                                                                                                                          |
| Alternative Name: | PCSK9 ( <a href="#">PCSK9 Products</a> )                                                                                                                                       |
| Background:       | Proprotein convertase subtilisin/kexin type 9, Subtilisin/kexin-like protease PC9, NARC-1, PC9, Proprotein convertase 9, Neural apoptosis-regulated convertase 1, NARC1, PCSK9 |
| Molecular Weight: | 75.30 kDa                                                                                                                                                                      |
| UniProt:          | <a href="#">Q8NBP7</a>                                                                                                                                                         |

## Application Details

---

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
|--------------------|--------------------------------------------------------------------|

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

## Handling

---

|         |             |
|---------|-------------|
| Format: | Lyophilized |
|---------|-------------|

|                 |                                                     |
|-----------------|-----------------------------------------------------|
| Reconstitution: | Reconstitute in sterile water for a stock solution. |
|-----------------|-----------------------------------------------------|

|         |                                                                                    |
|---------|------------------------------------------------------------------------------------|
| Buffer: | Lyophilized from a solution in PBS pH 7.4, 1 mM EDTA, 4 % Trehalose, 1 % Mannitol. |
|---------|------------------------------------------------------------------------------------|

|          |             |
|----------|-------------|
| Storage: | 4 °C,-20 °C |
|----------|-------------|

|                  |                                                                                                                                                                 |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage Comment: | Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 2 to 8 °C for one week .Store at -20 °C for twelve months from the date of receipt. |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
