

Datasheet for ABIN7578938  
**C20orf149 Protein (His-SUMO Tag)**

[Go to Product page](#)

## Overview

|                               |                                                       |
|-------------------------------|-------------------------------------------------------|
| Quantity:                     | 100 µg                                                |
| Target:                       | C20orf149 (PPDPF)                                     |
| Origin:                       | Human                                                 |
| Source:                       | Escherichia coli (E. coli)                            |
| Protein Type:                 | Recombinant                                           |
| Purification tag / Conjugate: | This C20orf149 protein is labelled with His-SUMO Tag. |
| Application:                  | ELISA, Western Blotting (WB), SDS-PAGE (SDS)          |

## Product Details

|           |                                             |
|-----------|---------------------------------------------|
| Purpose:  | Recombinant Human PPDPF Protein, N-His-SUMO |
| Sequence: | Ala2-Ser63                                  |

## Target Details

|                   |                                                                                                                                                 |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | C20orf149 (PPDPF)                                                                                                                               |
| Alternative Name: | PPDPF ( <a href="#">PPDPF Products</a> )                                                                                                        |
| Background:       | Exocrine differentiation and proliferation factor, Pancreatic progenitor cell differentiation and proliferation factor, C20orf149, EXPDF, PPDPF |
| Molecular Weight: | 18.91 kDa                                                                                                                                       |
| UniProt:          | <a href="#">Q9H3Y8</a>                                                                                                                          |

## Application Details

---

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
|--------------------|--------------------------------------------------------------------|

---

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

---

## Handling

---

|         |             |
|---------|-------------|
| Format: | Lyophilized |
|---------|-------------|

---

|                 |                                                     |
|-----------------|-----------------------------------------------------|
| Reconstitution: | Reconstitute in sterile water for a stock solution. |
|-----------------|-----------------------------------------------------|

---

|         |                                                                                                |
|---------|------------------------------------------------------------------------------------------------|
| Buffer: | Lyophilized from a solution in PBS pH 7.4, 0.02 % NLS, 1 mM EDTA, 4 % Trehalose, 1 % Mannitol. |
|---------|------------------------------------------------------------------------------------------------|

---

|          |             |
|----------|-------------|
| Storage: | 4 °C,-20 °C |
|----------|-------------|

---

|                  |                                                                                                                                                                 |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage Comment: | Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 2 to 8 °C for one week .Store at -20 °C for twelve months from the date of receipt. |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|

---
