

Datasheet for ABIN7580207

**VAMP8 Protein (His-SUMO Tag)**[Go to Product page](#)

## Overview

|                               |                                                   |
|-------------------------------|---------------------------------------------------|
| Quantity:                     | 100 µg                                            |
| Target:                       | VAMP8                                             |
| Origin:                       | Human                                             |
| Source:                       | Escherichia coli (E. coli)                        |
| Protein Type:                 | Recombinant                                       |
| Purification tag / Conjugate: | This VAMP8 protein is labelled with His-SUMO Tag. |
| Application:                  | ELISA, SDS-PAGE (SDS), Western Blotting (WB)      |

## Product Details

|           |                                                       |
|-----------|-------------------------------------------------------|
| Purpose:  | Recombinant Human VAMP8 Protein, N-His-SUMO & C-Strep |
| Sequence: | Glu2-Lys75                                            |

## Target Details

|                   |                                                                       |
|-------------------|-----------------------------------------------------------------------|
| Target:           | VAMP8                                                                 |
| Alternative Name: | VAMP8 ( <a href="#">VAMP8 Products</a> )                              |
| Background:       | VAMP8, EDB, Endobrevin, VAMP-8, Vesicle-associated membrane protein 8 |
| Molecular Weight: | 22.19 kDa                                                             |
| UniProt:          | <a href="#">Q9BV40</a>                                                |

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

---

Restrictions: For Research Use only

---

## Handling

---

Format: Lyophilized

---

Reconstitution: Reconstitute in sterile water for a stock solution.

---

Buffer: Lyophilized from a solution in PBS pH 7.4, 0.02 % NLS, 1 mM EDTA, 4 % Trehalose, 1 % Mannitol.

---

Storage: 4 °C,-20 °C,-80 °C

---

Storage Comment: Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 2 to 8 °C for one week .Store at -20 to -80 °C for twelve months from the date of receipt.
