## Overview

|                               |                                                 |
|-------------------------------|-------------------------------------------------|
| Quantity:                     | 100 µg                                          |
| Target:                       | SIGLEC15                                        |
| Origin:                       | Mouse                                           |
| Source:                       | Escherichia coli (E. coli)                      |
| Protein Type:                 | Recombinant                                     |
| Purification tag / Conjugate: | This SIGLEC15 protein is labelled with His tag. |
| Application:                  | SDS-PAGE (SDS), Western Blotting (WB), ELISA    |

## Product Details

|           |                                           |
|-----------|-------------------------------------------|
| Purpose:  | Recombinant Mouse SIGLEC15 Protein, N-His |
| Sequence: | Arg43-Arg253                              |

## Target Details

|                   |                                                                                         |
|-------------------|-----------------------------------------------------------------------------------------|
| Target:           | SIGLEC15                                                                                |
| Alternative Name: | SIGLEC15 ( <a href="#">SIGLEC15 Products</a> )                                          |
| Background:       | CD33L3, Siglec-15, Sialic acid-binding Ig-like lectin 15, SIGLEC15, CD33 antigen-like 3 |
| Molecular Weight: | 25.08 kDa                                                                               |
| UniProt:          | <a href="#">A7E1W8</a>                                                                  |

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

---

Restrictions: For Research Use only

---

## Handling

---

Format: Lyophilized

---

Reconstitution: Reconstitute in sterile water for a stock solution.

---

Buffer: Lyophilized from a solution in PBS pH 7.4, 0.02 % NLS, 1 mM EDTA, 4 % Trehalose, 1 % Mannitol.

---

Storage: 4 °C,-20 °C

---

Storage Comment: Use a manual defrost freezer and avoid repeated freeze thaw cycles.Store at 2 to 8 °C for one week .Store at -20 °C for twelve months from the date of receipt.
