

# Datasheet for ABIN7584404 **GALE Protein (AA 1-347) (His tag)**

os to i rodust pag

	er		

Quantity:	100 μg
Target:	GALE
Protein Characteristics:	AA 1-347
Origin:	Rat
Source:	Yeast
Protein Type:	Recombinant
Purification tag / Conjugate:	This GALE protein is labelled with His tag.
Application:	ELISA
Product Details	
Sequence:	MEEKVLVTGG AGYIGSHTVL ELLEAGYSPV VIDNFHNSIR GEDSMPESLR RVQELTGRSV

### **Target Details**

Target:	GALE	
Alternative Name:	UDP-glucose 4-epimerase (Gale) (GALE Products)	
Background:	Recommended name: UDP-glucose 4-epimerase.  EC= 5.1.3.2.	
	Alternative name(s): Galactowaldenase UDP-galactose 4-epimerase	
UniProt:	P18645	
Pathways:	Response to Water Deprivation, Cellular Glucan Metabolic Process	

## **Application Details**

#### Comment:

The yeast protein expression system is the most economical and efficient eukaryotic system for secretion and intracellular expression. A protein expressed by the mammalian cell system is of very high-quality and close to the natural protein. But the low expression level, the high cost of medium and the culture conditions restrict the promotion of mammalian cell expression systems. The yeast protein expression system serve as a eukaryotic system integrate the advantages of the mammalian cell expression system. A protein expressed by yeast system could be modificated such as glycosylation, acylation, phosphorylation and so on to ensure the native protein conformation. It can be used to produce protein material with high added value that is very close to the natural protein. Our proteins produced by yeast expression system has been used as raw materials for downstream preparation of monoclonal antibodies.

Restrictions:

For Research Use only

#### Handling

Format:	Lyophilized
Concentration:	0.2-2 mg/mL
Buffer:	Tris-based buffer, 50 % glycerol
Handling Advice:	Repeated freezing and thawing is not recommended. Store working aliquots at 4 °C for up to one week
Storage:	-20 °C
Storage Comment:	Store at -20 °C, for extended storage, conserve at -20 °C or -80 °C.
