**Recombinant anti-ICAM1 (Bersanlimab Biosimilar) antibody**[Go to Product page](#)

## Overview

|                    |                                                               |
|--------------------|---------------------------------------------------------------|
| Quantity:          | 100 µg                                                        |
| Target:            | ICAM1 (Bersanlimab Biosimilar)                                |
| Reactivity:        | Human                                                         |
| Host:              | Human                                                         |
| Expression System: | Mammalian cells                                               |
| Antibody Type:     | Recombinant Antibody                                          |
| Clonality:         | Monoclonal                                                    |
| Conjugate:         | This ICAM1 (Bersanlimab Biosimilar) antibody is un-conjugated |
| Application:       | Please inquire                                                |

## Product Details

|               |                                                                                         |
|---------------|-----------------------------------------------------------------------------------------|
| Purpose:      | Research Grade Bersanlimab Biosimilar Antibody                                          |
| Isotype:      | IgG1 lambda                                                                             |
| Specificity:  | ICAM1, Major group rhinovirus receptor, CD54, ICAM-1, Intercellular adhesion molecule 1 |
| Purification: | Protein A or G purified from cell culture supernatant.                                  |
| Purity:       | >95 % by SDS-PAGE.                                                                      |
| Grade:        | Research Grade                                                                          |

## Target Details

|         |                                |
|---------|--------------------------------|
| Target: | ICAM1 (Bersanlimab Biosimilar) |
|---------|--------------------------------|

### Target Details

|                   |                                                                                         |
|-------------------|-----------------------------------------------------------------------------------------|
| Alternative Name: | Bersanlimab Biosimilar ( <a href="#">ICAM1 (Bersanlimab Biosimilar) Products</a> )      |
| Target Type:      | Biosimilar                                                                              |
| Background:       | ICAM1, Major group rhinovirus receptor, CD54, ICAM-1, Intercellular adhesion molecule 1 |
| UniProt:          | <a href="#">P05362</a>                                                                  |
| CAS-No:           | 1987854-08-9                                                                            |

### Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

### Handling

|                  |                                                                                                                                                              |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                                                       |
| Concentration:   | 1 mg/mL                                                                                                                                                      |
| Buffer:          | 0.01M PBS, pH 7.4.                                                                                                                                           |
| Storage:         | 4 °C,-20 °C,-80 °C                                                                                                                                           |
| Storage Comment: | Use a manual defrost freezer and avoid repeated freeze-thaw cycles.Store at +4°C short term (1-2 weeks).Store at -20 °C 12 months. Store at -80°C long term. |
| Expiry Date:     | 12 months                                                                                                                                                    |
