| Quantity:        | 200 μL                             |  |
|------------------|------------------------------------|--|
| Target:          | BLM                                |  |
| Reactivity:      | Drosophila melanogaster            |  |
| Host:            | Rabbit                             |  |
| Clonality:       | Polyclonal                         |  |
| Conjugate:       | This BLM antibody is un-conjugated |  |
| Application:     | Please inquire                     |  |

## **Product Details**

Pathways:

| Troduct Details   |                                                                       |  |
|-------------------|-----------------------------------------------------------------------|--|
| Purpose:          | Anti-Fruit fly Blm Antibody                                           |  |
| Isotype:          | IgG                                                                   |  |
| Characteristics:  | Anti-Blm Antibody (ABIN7603535). This antibody reacts with Fruit fly. |  |
| Purification:     | Immunogen affinity purified.                                          |  |
| Target Details    |                                                                       |  |
| Target:           | BLM                                                                   |  |
| Alternative Name: | Blm                                                                   |  |

## **Application Details**

| Restrictions:      | For Research Use only                                                                                                  |  |
|--------------------|------------------------------------------------------------------------------------------------------------------------|--|
| Handling           |                                                                                                                        |  |
| Format:            | Liquid                                                                                                                 |  |
| Concentration:     | 500 μg/mL                                                                                                              |  |
| Buffer:            | Each vial contains 20 mM PBS, 50 % glycerol, 0.02 % Sodium azide.                                                      |  |
| Preservative:      | Sodium azide                                                                                                           |  |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |  |
| Storage:           | 4 °C,-20 °C                                                                                                            |  |
| Storage Comment:   | At -20°C for one year, at 4°C for one month. Avoid repeated freezing and thawing.                                      |  |
