## Overview

|              |                                       |
|--------------|---------------------------------------|
| Quantity:    | 200 µL                                |
| Target:      | LILRB4                                |
| Reactivity:  | Human                                 |
| Host:        | Rabbit                                |
| Clonality:   | Polyclonal                            |
| Conjugate:   | This LILRB4 antibody is un-conjugated |
| Application: | Please inquire                        |

## Product Details

|                  |                                                                      |
|------------------|----------------------------------------------------------------------|
| Purpose:         | Anti-Human LILRB4 Antibody                                           |
| Isotype:         | IgG                                                                  |
| Characteristics: | Anti-LILRB4 Antibody (ABIN7603625). This antibody reacts with Human. |
| Purification:    | Immunogen affinity purified.                                         |

## Target Details

|                   |                                                                                        |
|-------------------|----------------------------------------------------------------------------------------|
| Target:           | LILRB4                                                                                 |
| Alternative Name: | LILRB4 ( <a href="#">LILRB4 Products</a> )                                             |
| Background:       | Predominantly expressed in adult forebrain. Expressed in fetal brain, lung and kidney. |

Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | 500 µg/mL                                                                                                              |
| Buffer:            | Each vial contains 20 mM PBS, 50 % glycerol, 0.02 % Sodium azide.                                                      |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | At -20°C for one year, at 4°C for one month. Avoid repeated freezing and thawing.                                      |
