### Overview

|              |                                     |
|--------------|-------------------------------------|
| Quantity:    | 200 µL                              |
| Target:      | ADAR                                |
| Reactivity:  | Squid                               |
| Host:        | Rabbit                              |
| Clonality:   | Polyclonal                          |
| Conjugate:   | This ADAR antibody is un-conjugated |
| Application: | Please inquire                      |

### Product Details

|                  |                                                                     |
|------------------|---------------------------------------------------------------------|
| Purpose:         | Anti-Squid ADAR1 Antibody                                           |
| Isotype:         | IgG                                                                 |
| Characteristics: | Anti-ADAR1 Antibody (ABIN7603670). This antibody reacts with Squid. |
| Purification:    | Immunogen affinity purified.                                        |

### Target Details

|                   |                                                                                        |
|-------------------|----------------------------------------------------------------------------------------|
| Target:           | ADAR                                                                                   |
| Alternative Name: | ADAR1 ( <a href="#">ADAR Products</a> )                                                |
| Background:       | Predominantly expressed in adult forebrain. Expressed in fetal brain, lung and kidney. |
| Pathways:         | <a href="#">Protein targeting to Nucleus</a>                                           |

## Application Details

---

Restrictions: For Research Use only

## Handling

---

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | 500 µg/mL                                                                                                              |
| Buffer:            | Each vial contains 20 mM PBS, 50 % glycerol, 0.02 % Sodium azide.                                                      |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | At -20°C for one year, at 4°C for one month. Avoid repeated freezing and thawing.                                      |
