### Overview

|              |                                     |
|--------------|-------------------------------------|
| Quantity:    | 200 µL                              |
| Target:      | HIC2                                |
| Reactivity:  | Xenopus laevis                      |
| Host:        | Rabbit                              |
| Clonality:   | Polyclonal                          |
| Conjugate:   | This HIC2 antibody is un-conjugated |
| Application: | Please inquire                      |

### Product Details

|                  |                                                                                  |
|------------------|----------------------------------------------------------------------------------|
| Purpose:         | Anti-African clawed frog Hic2 Antibody                                           |
| Isotype:         | IgG                                                                              |
| Characteristics: | Anti-Hic2 Antibody (ABIN7603763). This antibody reacts with African clawed frog. |
| Purification:    | Immunogen affinity purified.                                                     |

### Target Details

|                   |                                                                                        |
|-------------------|----------------------------------------------------------------------------------------|
| Target:           | HIC2                                                                                   |
| Alternative Name: | hic2 ( <a href="#">HIC2 Products</a> )                                                 |
| Background:       | Predominantly expressed in adult forebrain. Expressed in fetal brain, lung and kidney. |

## Application Details

Restrictions: For Research Use only

## Handling

|                    |                                                                                                                                                                                                          |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                                                                                                   |
| Concentration:     | 500 µg/mL                                                                                                                                                                                                |
| Buffer:            | Each vial contains 50 % glycerol, 0.9 % NaCl, 0.2 % Na <sub>2</sub> HPO <sub>4</sub> , 0.02 % Sodium azide.                                                                                              |
| Preservative:      | Sodium azide                                                                                                                                                                                             |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.                                                                                   |
| Storage:           | 4 °C, -20 °C                                                                                                                                                                                             |
| Storage Comment:   | Store at -20°C for one year from date of receipt. After reconstitution, at 4°C for one month.<br>It can also be aliquotted and stored frozen at -20°C for six months. Avoid repeated freeze-thaw cycles. |
