**anti-GUCY2C (Indusatumab Biosimilar) antibody (PE)**[Go to Product page](#)

## Overview

|              |                                                                   |
|--------------|-------------------------------------------------------------------|
| Quantity:    | 100 tests                                                         |
| Target:      | GUCY2C (Indusatumab Biosimilar)                                   |
| Reactivity:  | Human                                                             |
| Host:        | Human                                                             |
| Clonality:   | Monoclonal                                                        |
| Conjugate:   | This GUCY2C (Indusatumab Biosimilar) antibody is conjugated to PE |
| Application: | Flow Cytometry (FACS)                                             |

## Product Details

|          |                                                       |
|----------|-------------------------------------------------------|
| Purpose: | PE-conjugated Anti-GUCY2C(indusatumab biosimilar) mAb |
| Isotype: | IgG1                                                  |

## Target Details

|                   |                                                                                     |
|-------------------|-------------------------------------------------------------------------------------|
| Target:           | GUCY2C (Indusatumab Biosimilar)                                                     |
| Alternative Name: | indusatumab Biosimilar ( <a href="#">GUCY2C (Indusatumab Biosimilar) Products</a> ) |
| Target Type:      | Biosimilar                                                                          |
| Background:       | Synonyms Target:DIAR6,GC-C,GUC2C,MECIL,MUCIL,STAR<br>Synonyms Antibody:5F9,MLN2045  |

Application Details

|                    |                       |
|--------------------|-----------------------|
| Application Notes: | 1 µL: test            |
| Restrictions:      | For Research Use only |

Handling

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                            |
| Buffer:            | Liquid, PBS with 0.05 % Proclin300, 1 % BSA                                                                       |
| Preservative:      | ProClin                                                                                                           |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage Comment:   | Store at 2°C-8°C for 6 months                                                                                     |
