## Recombinant anti-PDE4D antibody

[Go to Product page](#)

### Overview

|                    |                                      |
|--------------------|--------------------------------------|
| Quantity:          | 100 µL                               |
| Target:            | PDE4D                                |
| Reactivity:        | Human                                |
| Host:              | Rabbit                               |
| Expression System: | HEK-293F Cells                       |
| Antibody Type:     | Recombinant Antibody                 |
| Clonality:         | Monoclonal                           |
| Conjugate:         | This PDE4D antibody is un-conjugated |
| Application:       | Western Blotting (WB), ELISA         |

### Product Details

|                  |                                                                                                               |
|------------------|---------------------------------------------------------------------------------------------------------------|
| Purpose:         | Pde4D Recombinant Antibody                                                                                    |
| Immunogen:       | A Synthesized Peptide Derived From Human Pde4D                                                                |
| Clone:           | 4D4                                                                                                           |
| Isotype:         | IgG                                                                                                           |
| Characteristics: | The Pde4D Recombinant Antibody (Species: Human) has been validated for the following applications: ELISA, WB. |
| Purification:    | Affinity-Chromatography                                                                                       |

## Target Details

|                   |                                                                                                                                                                                                                                                 |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | PDE4D                                                                                                                                                                                                                                           |
| Alternative Name: | PDE4D ( <a href="#">PDE4D Products</a> )                                                                                                                                                                                                        |
| UniProt:          | <a href="#">Q08499</a>                                                                                                                                                                                                                          |
| Pathways:         | <a href="#">Cellular Response to Molecule of Bacterial Origin</a> , <a href="#">cAMP Metabolic Process</a> , <a href="#">Myometrial Relaxation and Contraction</a> , <a href="#">Regulation of G-Protein Coupled Receptor Protein Signaling</a> |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                                                     |
|------------------|-----------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                              |
| Concentration:   | Lot specific                                                                                        |
| Buffer:          | Rabbit IgG in Phosphate Buffered Saline, pH 7.4, 150 mM NaCl, 0.02 % Sodium Azide and 50 % Glycerol |
| Storage:         | 4 °C,-20 °C                                                                                         |
| Storage Comment: | 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.                |
| Expiry Date:     | 12 months                                                                                           |
