

Datasheet for ABIN7611954

## **anti-Apoptosis Inhibitor 5 antibody (AA 396-524)**

[Go to Product page](#)

### Overview

|                      |                                                       |
|----------------------|-------------------------------------------------------|
| Quantity:            | 100 µg                                                |
| Target:              | Apoptosis Inhibitor 5 (API5)                          |
| Binding Specificity: | AA 396-524                                            |
| Reactivity:          | Human                                                 |
| Host:                | Rabbit                                                |
| Clonality:           | Polyclonal                                            |
| Conjugate:           | This Apoptosis Inhibitor 5 antibody is un-conjugated  |
| Application:         | Western Blotting (WB), ELISA, Immunofluorescence (IF) |

### Product Details

|                  |                                                                                                                 |
|------------------|-----------------------------------------------------------------------------------------------------------------|
| Purpose:         | API5 Polyclonal Antibody                                                                                        |
| Immunogen:       | Recombinant Human Apoptosis inhibitor 5 protein                                                                 |
| Isotype:         | IgG                                                                                                             |
| Characteristics: | The API5 Polyclonal Antibody (Species: Human) has been validated for the following applications: ELISA, WB, IF. |
| Purification:    | Protein G purified                                                                                              |
| Purity:          | >95%                                                                                                            |

### Target Details

|         |                              |
|---------|------------------------------|
| Target: | Apoptosis Inhibitor 5 (API5) |
|---------|------------------------------|

## Target Details

Alternative Name: API5 ([API5 Products](#))

UniProt: [Q9BZZ5](#)

Pathways: [Growth Factor Binding](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: 0.03 % Proclin 300, 50 % glycerol, 0.01M PBS, pH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C, -20 °C

Storage Comment: 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.

Expiry Date: 12 months
