**anti-Corneodesmosin antibody (AA 40-229)**[Go to Product page](#)

## Overview

|                      |                                                                                   |
|----------------------|-----------------------------------------------------------------------------------|
| Quantity:            | 100 µg                                                                            |
| Target:              | Corneodesmosin (CDSN)                                                             |
| Binding Specificity: | AA 40-229                                                                         |
| Reactivity:          | Human                                                                             |
| Host:                | Rabbit                                                                            |
| Clonality:           | Polyclonal                                                                        |
| Conjugate:           | This Corneodesmosin antibody is un-conjugated                                     |
| Application:         | ELISA, Western Blotting (WB), Immunohistochemistry (IHC), Immunofluorescence (IF) |

## Product Details

|                  |                                                                                                                      |
|------------------|----------------------------------------------------------------------------------------------------------------------|
| Purpose:         | Cdsn Polyclonal Antibody                                                                                             |
| Immunogen:       | Recombinant Human Corneodesmosin Protein                                                                             |
| Isotype:         | IgG                                                                                                                  |
| Characteristics: | The Cdsn Polyclonal Antibody (Species: Human) has been validated for the following applications: ELISA, WB, IHC, IF. |
| Purification:    | Protein G Purified                                                                                                   |
| Purity:          | >95%                                                                                                                 |

## Target Details

|         |                       |
|---------|-----------------------|
| Target: | Corneodesmosin (CDSN) |
|---------|-----------------------|

## Target Details

Alternative Name: CDSN ([CDSN Products](#))

UniProt: [Q15517](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: Preservative: 0.03 % Proclin 300, Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C

Storage Comment: 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.

Expiry Date: 12 months
