

Datasheet for ABIN7614353  
**anti-CLEC11A antibody (AA 22-323)**

[Go to Product page](#)

## Overview

|                      |                                                            |
|----------------------|------------------------------------------------------------|
| Quantity:            | 100 µL                                                     |
| Target:              | CLEC11A                                                    |
| Binding Specificity: | AA 22-323                                                  |
| Reactivity:          | Human                                                      |
| Host:                | Rabbit                                                     |
| Clonality:           | Polyclonal                                                 |
| Conjugate:           | This CLEC11A antibody is un-conjugated                     |
| Application:         | ELISA, Immunohistochemistry (IHC), Immunofluorescence (IF) |

## Product Details

|                  |                                                                                                                     |
|------------------|---------------------------------------------------------------------------------------------------------------------|
| Purpose:         | Clec11A Polyclonal Antibody                                                                                         |
| Immunogen:       | Recombinant Human C-Type Lectin Domain Family 11 Member A Protein                                                   |
| Isotype:         | IgG                                                                                                                 |
| Characteristics: | The Clec11A Polyclonal Antibody (Species: Human) has been validated for the following applications: ELISA, IHC, IF. |
| Purification:    | Antigen Affinity Purified                                                                                           |

## Target Details

|                   |                                              |
|-------------------|----------------------------------------------|
| Target:           | CLEC11A                                      |
| Alternative Name: | CLEC11A ( <a href="#">CLEC11A Products</a> ) |

## Target Details

UniProt: [Q9Y240](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS with 0.02 % Sodium Azide, 50 % Glycerol, pH 7.3

Storage: 4 °C,-20 °C

Storage Comment: 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.

Expiry Date: 12 months
