## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | CRYbA4                                                   |
| Binding Specificity: | AA 2-196                                                 |
| Reactivity:          | Human                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This CRYbA4 antibody is un-conjugated                    |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC) |

## Product Details

|                  |                                                                                                                    |
|------------------|--------------------------------------------------------------------------------------------------------------------|
| Purpose:         | Cryba4 Polyclonal Antibody                                                                                         |
| Immunogen:       | Recombinant Human Beta-Crystallin A4 Protein                                                                       |
| Isotype:         | IgG                                                                                                                |
| Characteristics: | The Cryba4 Polyclonal Antibody (Species: Human) has been validated for the following applications: ELISA, WB, IHC. |
| Purification:    | Protein G Purified                                                                                                 |
| Purity:          | >95%                                                                                                               |

## Target Details

|         |        |
|---------|--------|
| Target: | CRYbA4 |
|---------|--------|

## Target Details

Alternative Name: CRYBA4 ([CRYbA4 Products](#))

UniProt: [P53673](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: Preservative: 0.03 % Proclin 300, Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C

Storage Comment: 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.

Expiry Date: 12 months
