## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µL                               |
| Target:              | DUOX1                                |
| Binding Specificity: | AA 1312-1551                         |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This DUOX1 antibody is un-conjugated |
| Application:         | ELISA, Immunohistochemistry (IHC)    |

## Product Details

|                  |                                                                                                               |
|------------------|---------------------------------------------------------------------------------------------------------------|
| Purpose:         | Duox1 Polyclonal Antibody                                                                                     |
| Immunogen:       | Recombinant Human Dual Oxidase 1 Protein                                                                      |
| Isotype:         | IgG                                                                                                           |
| Characteristics: | The Duox1 Polyclonal Antibody (Species: Human) has been validated for the following applications: ELISA, IHC. |
| Purification:    | Antigen Affinity Purified                                                                                     |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | DUOX1                                    |
| Alternative Name: | DUOX1 ( <a href="#">DUOX1 Products</a> ) |

## Target Details

UniProt: [Q9NRD9](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS with 0.02 % Sodium Azide, 50 % Glycerol, pH 7.3

Storage: 4 °C,-20 °C

Storage Comment: 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.

Expiry Date: 12 months
