## Overview

|                      |                                                   |
|----------------------|---------------------------------------------------|
| Quantity:            | 100 µL                                            |
| Target:              | LSR                                               |
| Binding Specificity: | AA 335-589                                        |
| Reactivity:          | Human                                             |
| Host:                | Rabbit                                            |
| Clonality:           | Polyclonal                                        |
| Conjugate:           | This LSR antibody is un-conjugated                |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|                  |                                                                                                                                                      |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Purpose:         | Lipolysis Stimulated Lipoprotein Receptor (LSR) Polyclonal Antibody                                                                                  |
| Sequence:        | Lys335~Arg589                                                                                                                                        |
| Characteristics: | The Lipolysis Stimulated Lipoprotein Receptor (LSR) Polyclonal Antibody (Species: Human) has been validated for the following applications: WB, IHC. |
| Purification:    | Antigen-specific affinity chromatography followed by Protein A affinity chromatography                                                               |

## Target Details

|                   |                                      |
|-------------------|--------------------------------------|
| Target:           | LSR                                  |
| Alternative Name: | LSR ( <a href="#">LSR Products</a> ) |
| Gene ID:          | 51599                                |

## Target Details

---

UniProt: [Q86X29](#)

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

---

Restrictions: For Research Use only

## Handling

---

Format: Liquid

---

Concentration: 0.5 mg/mL

---

Buffer: 0.01M PBS, pH 7.4, containing 0.05 % Proclin-300, 50 % glycerol

---

Preservative: ProClin

---

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

---

Storage: 4 °C, -20 °C

---

Storage Comment: 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.

---

Expiry Date: 12 months
