## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µL                               |
| Target:              | MMP13                                |
| Binding Specificity: | AA 70-245                            |
| Reactivity:          | Rabbit                               |
| Host:                | Guinea Pig                           |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This MMP13 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|                  |                                                                                                                                      |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Purpose:         | Matrix Metalloproteinase 13 (MMP13) Polyclonal Antibody                                                                              |
| Sequence:        | Glu70~Thr245                                                                                                                         |
| Characteristics: | The Matrix Metalloproteinase 13 (MMP13) Polyclonal Antibody (Species: Rabbit) has been validated for the following applications: WB. |
| Purification:    | Antigen-specific affinity chromatography followed by Protein A affinity chromatography                                               |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | MMP13                                    |
| Alternative Name: | MMP13 ( <a href="#">MMP13 Products</a> ) |
| Gene ID:          | 100008685                                |

## Target Details

---

UniProt: [O62806](#)

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

---

Restrictions: For Research Use only

## Handling

---

Format: Liquid

---

Concentration: 0.5 mg/mL

---

Buffer: 0.01M PBS, pH 7.4, containing 0.05 % Proclin-300, 50 % glycerol

---

Preservative: ProClin

---

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

---

Storage: 4 °C, -20 °C

---

Storage Comment: 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.

---

Expiry Date: 12 months
