## Overview

|                      |                                                                                                           |
|----------------------|-----------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                    |
| Target:              | MOGAT2                                                                                                    |
| Binding Specificity: | AA 48-217                                                                                                 |
| Reactivity:          | Human                                                                                                     |
| Host:                | Rabbit                                                                                                    |
| Clonality:           | Polyclonal                                                                                                |
| Conjugate:           | This MOGAT2 antibody is un-conjugated                                                                     |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), Immunoprecipitation (IP),<br>Immunocytochemistry (ICC) |

## Product Details

|                  |                                                                                                                                                             |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Purpose:         | Monoacylglycerol-O-acyltransferase 2 (MOGAT2) Polyclonal Antibody                                                                                           |
| Sequence:        | Leu48~Gly217                                                                                                                                                |
| Characteristics: | The Monoacylglycerol-O-acyltransferase 2 (MOGAT2) Polyclonal Antibody (Species: Human) has been validated for the following applications: WB, IHC, ICC, IP. |
| Purification:    | Antigen-specific affinity chromatography followed by Protein A affinity chromatography                                                                      |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | MOGAT2                                     |
| Alternative Name: | MOGAT2 ( <a href="#">MOGAT2 Products</a> ) |

## Target Details

Gene ID: 80168

UniProt: [Q3SYC2](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: 0.5 mg/mL

Buffer: PBS, pH 7.4, containing 0.02 % Sodium azide, 50 % glycerol

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C, -20 °C

Storage Comment: 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.

Expiry Date: 12 months
