## Overview

|                      |                                                   |
|----------------------|---------------------------------------------------|
| Quantity:            | 100 µL                                            |
| Target:              | MSTN                                              |
| Binding Specificity: | AA 267-376                                        |
| Reactivity:          | Rat                                               |
| Host:                | Rabbit                                            |
| Clonality:           | Polyclonal                                        |
| Conjugate:           | This MSTN antibody is un-conjugated               |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|                  |                                                                                                                     |
|------------------|---------------------------------------------------------------------------------------------------------------------|
| Purpose:         | Myostatin (MSTN) Polyclonal Antibody                                                                                |
| Sequence:        | Arg267~Ser376                                                                                                       |
| Characteristics: | The Myostatin (MSTN) Polyclonal Antibody (Species: Rat) has been validated for the following applications: WB, IHC. |
| Purification:    | Antigen-specific affinity chromatography followed by Protein A affinity chromatography                              |

## Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | MSTN                                   |
| Alternative Name: | MSTN ( <a href="#">MSTN Products</a> ) |
| Gene ID:          | 29152                                  |

## Target Details

---

UniProt: [O35312](#)

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

---

Restrictions: For Research Use only

## Handling

---

Format: Liquid

---

Concentration: 0.5 mg/mL

---

Buffer: 0.01M PBS, pH 7.4, containing 0.05 % Proclin-300, 50 % glycerol

---

Preservative: ProClin

---

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

---

Storage: 4 °C, -20 °C

---

Storage Comment: 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.

---

Expiry Date: 12 months
