## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µg                                                   |
| Target:              | NUDT11                                                   |
| Binding Specificity: | AA 1-164                                                 |
| Reactivity:          | Human                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This NUDT11 antibody is un-conjugated                    |
| Application:         | ELISA, Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|                  |                                                                                                                    |
|------------------|--------------------------------------------------------------------------------------------------------------------|
| Purpose:         | NUDT11 Polyclonal Antibody                                                                                         |
| Immunogen:       | Recombinant Human Diphosphoinositol polyphosphate phosphohydrolase 3-beta protein                                  |
| Isotype:         | IgG                                                                                                                |
| Characteristics: | The NUDT11 Polyclonal Antibody (Species: Human) has been validated for the following applications: ELISA, WB, IHC. |
| Purification:    | Antigen affinity purified                                                                                          |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | NUDT11                                     |
| Alternative Name: | NUDT11 ( <a href="#">NUDT11 Products</a> ) |

### Target Details

UniProt: [Q96G61](#)

### Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

### Handling

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                            |
| Concentration:     | Lot specific                                                                                                      |
| Buffer:            | 0.03 % Proclin 300, 50 % glycerol, 0.01M PBS, pH 7.4                                                              |
| Preservative:      | ProClin                                                                                                           |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                       |
| Storage Comment:   | 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.                              |
| Expiry Date:       | 12 months                                                                                                         |
