## Overview

|                      |                                                                                                           |
|----------------------|-----------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                    |
| Target:              | Oncostatin M (OSM)                                                                                        |
| Binding Specificity: | AA 26-116                                                                                                 |
| Reactivity:          | Rat                                                                                                       |
| Host:                | Mouse                                                                                                     |
| Clonality:           | Monoclonal                                                                                                |
| Conjugate:           | This Oncostatin M antibody is un-conjugated                                                               |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), Immunoprecipitation (IP),<br>Immunocytochemistry (ICC) |

## Product Details

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Purpose:         | Oncostatin M (OSM) Monoclonal Antibody                                                                                         |
| Sequence:        | Lys26~Pro116                                                                                                                   |
| Clone:           | C1                                                                                                                             |
| Isotype:         | IgG1 kappa                                                                                                                     |
| Characteristics: | The Oncostatin M (OSM) Monoclonal Antibody (Species: Rat) has been validated for the following applications: WB, IHC, ICC, IP. |
| Purification:    | Protein A + Protein G affinity chromatography                                                                                  |

## Target Details

|                   |                                                                                               |
|-------------------|-----------------------------------------------------------------------------------------------|
| Target:           | Oncostatin M (OSM)                                                                            |
| Alternative Name: | OSM ( <a href="#">OSM Products</a> )                                                          |
| Gene ID:          | 289747                                                                                        |
| UniProt:          | <a href="#">Q65Z15</a>                                                                        |
| Pathways:         | <a href="#">JAK-STAT Signaling</a> , <a href="#">Negative Regulation of Hormone Secretion</a> |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | 1 mg/mL                                                                                                                |
| Buffer:            | PBS, pH 7.4, containing 0.02 % Sodium azide, 50 % glycerol                                                             |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.                                   |
| Expiry Date:       | 12 months                                                                                                              |
