## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µg                               |
| Target:              | RBM24                                |
| Binding Specificity: | AA 2-78                              |
| Reactivity:          | Zebrafish (Danio rerio)              |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This RBM24 antibody is un-conjugated |
| Application:         | ELISA, Western Blotting (WB)         |

## Product Details

|                  |                                                                                                                  |
|------------------|------------------------------------------------------------------------------------------------------------------|
| Purpose:         | Rbm24 Polyclonal Antibody                                                                                        |
| Immunogen:       | Recombinant Zebrafish Rna-Binding Protein 24 Protein                                                             |
| Isotype:         | IgG                                                                                                              |
| Characteristics: | The Rbm24 Polyclonal Antibody (Species: Zebrafish) has been validated for the following applications: ELISA, WB. |
| Purification:    | Protein G Purified                                                                                               |
| Purity:          | >95%                                                                                                             |

## Target Details

|         |       |
|---------|-------|
| Target: | RBM24 |
|---------|-------|

## Target Details

|                   |                                                                                              |
|-------------------|----------------------------------------------------------------------------------------------|
| Alternative Name: | rbm24 ( <a href="#">RBM24 Products</a> )                                                     |
| UniProt:          | <a href="#">Q76LC6</a>                                                                       |
| Pathways:         | <a href="#">Regulation of Muscle Cell Differentiation, Skeletal Muscle Fiber Development</a> |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                            |
| Concentration:     | Lot specific                                                                                                      |
| Buffer:            | Preservative: 0.03 % Proclin 300, Constituents: 50 % Glycerol, 0.01M PBS, PH 7.4                                  |
| Preservative:      | ProClin                                                                                                           |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                       |
| Storage Comment:   | 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.                              |
| Expiry Date:       | 12 months                                                                                                         |
