## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µg                               |
| Target:              | RPS12                                |
| Binding Specificity: | AA 1-132                             |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This RPS12 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|                  |                                                                                                              |
|------------------|--------------------------------------------------------------------------------------------------------------|
| Purpose:         | RPS12 Polyclonal Antibody                                                                                    |
| Immunogen:       | Recombinant Human 40S ribosomal protein S12 protein                                                          |
| Isotype:         | IgG                                                                                                          |
| Characteristics: | The RPS12 Polyclonal Antibody (Species: Human) has been validated for the following applications: ELISA, WB. |
| Purification:    | Protein G purified                                                                                           |
| Purity:          | >95%                                                                                                         |

## Target Details

|         |       |
|---------|-------|
| Target: | RPS12 |
|---------|-------|

## Target Details

Alternative Name: RPS12 ([RPS12 Products](#))

UniProt: [P25398](#)

## Application Details

Application Notes: Optimal working dilution should be determined by the investigator.

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: 0.03 % Proclin 300, 50 % glycerol, 0.01M PBS, pH 7.4

Preservative: ProClin

Precaution of Use: This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C

Storage Comment: 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.

Expiry Date: 12 months
