## Overview

|                      |                                                                                   |
|----------------------|-----------------------------------------------------------------------------------|
| Quantity:            | 100 µg                                                                            |
| Target:              | RUNX3                                                                             |
| Binding Specificity: | AA 1-415                                                                          |
| Reactivity:          | Human                                                                             |
| Host:                | Rabbit                                                                            |
| Clonality:           | Polyclonal                                                                        |
| Conjugate:           | This RUNX3 antibody is un-conjugated                                              |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC), Immunofluorescence (IF) |

## Product Details

|                  |                                                                                                                       |
|------------------|-----------------------------------------------------------------------------------------------------------------------|
| Purpose:         | RUNX3 Polyclonal Antibody                                                                                             |
| Immunogen:       | Recombinant Human Runt-related transcription factor 3 protein                                                         |
| Isotype:         | IgG                                                                                                                   |
| Characteristics: | The RUNX3 Polyclonal Antibody (Species: Human) has been validated for the following applications: ELISA, WB, IHC, IF. |
| Purification:    | Protein G purified                                                                                                    |
| Purity:          | >95%                                                                                                                  |

## Target Details

|         |       |
|---------|-------|
| Target: | RUNX3 |
|---------|-------|

### Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Alternative Name: | RUNX3 ( <a href="#">RUNX3 Products</a> ) |
| UniProt:          | <a href="#">Q13761</a>                   |

### Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

### Handling

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                            |
| Concentration:     | Lot specific                                                                                                      |
| Buffer:            | 0.03 % Proclin 300, 50 % glycerol, 0.01M PBS, pH 7.4                                                              |
| Preservative:      | ProClin                                                                                                           |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                       |
| Storage Comment:   | 2°C to 8°C for frequent use, -20°C for 12 months. Avoid repeated freeze/thaw cycles.                              |
| Expiry Date:       | 12 months                                                                                                         |
