

Datasheet for ABIN7632588
anti-Multimerin 1 antibody (FITC)

[Go to Product page](#)

Overview

Quantity:	1 mL
Target:	Multimerin 1 (MMRN1)
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Multimerin 1 antibody is conjugated to FITC
Application:	Western Blotting (WB), Immunohistochemistry (IHC), Immunocytochemistry (ICC), Immunofluorescence (IF)

Product Details

Purpose:	FITC-Linked Polyclonal Antibody to Multimerin 1 (MMRN1)
Immunogen:	PAC622Hu01 Polyclonal Antibody to Multimerin 1 (MMRN1)
Isotype:	IgG
Specificity:	The antibody is a rabbit polyclonal antibody raised against MMRN1. It has been selected for its ability to recognize MMRN1 in immunohistochemical staining and western blotting.
Purification:	Antigen-specific affinity chromatography followed by Protein A affinity chromatography

Target Details

Target:	Multimerin 1 (MMRN1)
Alternative Name:	Multimerin 1 (MMRN1 Products)

Target Details

Background: ECM, EMILIN4, GPIa, MMRN, Glycoprotein Ia, Elastin microfibril interface located protein 4, Endothelial cell multimerin, Platelet glycoprotein Ia, 155 kDa platelet multimerin

UniProt: [Q13201](#)

Application Details

Application Notes: Western blotting: 0.5-2 µg/mL Immunohistochemistry: 5-20 µg/mL Immunocytochemistry: 5-20 µg/mL Optimal working dilutions must be determined by end user.

Comment: The thermal stability is described by the loss rate. The loss rate was determined by accelerated thermal degradation test, that is, incubate the protein at 37°C for 48h, and no obvious degradation and precipitation were observed. The loss rate is less than 5% within the expiration date under appropriate storage condition.

Restrictions: For Research Use only

Handling

Format: Liquid

Concentration: 500 µg/mL

Buffer: PBS, pH 7.4, containing 0.02 % Sodium azide, 50 % glycerol.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C

Storage Comment: Store at 4°C for frequent use. Stored at -20°C in a manual defrost freezer for two year without detectable loss of activity. Avoid repeated freeze-thaw cycles.
