

Datasheet for ABIN7639729 **anti-GOLGA8A antibody**

[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	GOLGA8A
Reactivity:	Human
Host:	Mouse
Clonality:	Monoclonal
Conjugate:	This GOLGA8A antibody is un-conjugated
Application:	Western Blotting (WB), Immunohistochemistry (IHC), Immunocytochemistry (ICC), Immunoprecipitation (IP)

Product Details

Purpose:	Monoclonal Antibody to Golgin A8 Family, Member A (GOLGA8A)
Specificity:	The antibody is a mouse monoclonal antibody raised against GOLGA8A. It has been selected for its ability to recognize GOLGA8A in immunohistochemical staining and western blotting.
Purification:	Antigen-specific affinity chromatography followed by Protein A affinity chromatography

Target Details

Target:	GOLGA8A
Alternative Name:	GOLGA8A (GOLGA8A Products)
Background:	GM88, GOLGIN-67, Golgi Autoantigen, Golgin Subfamily A, 8A, 88 kDa Golgi matrix protein
UniProt:	A7E2F4

Application Details

Application Notes:	Western blotting: 0.2-2 µg/mL, 1:500-5000 Immunohistochemistry: 5-20 µg/mL, 1:50-200 Immunocytochemistry: 5-20 µg/mL, 1:50-200 Optimal working dilutions must be determined by end user.
--------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Comment:	The thermal stability is described by the loss rate. The loss rate was determined by accelerated thermal degradation test, that is, incubate the protein at 37°C for 48h, and no obvious degradation and precipitation were observed. The loss rate is less than 5% within the expiration date under appropriate storage condition.
----------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Restrictions:	For Research Use only
---------------	-----------------------

Handling

Format:	Liquid
---------	--------

Concentration:	1 mg/mL
----------------	---------

Buffer:	PBS, pH 7.4, containing 0.02 % Sodium azide, 50 % glycerol.
---------	-------------------------------------------------------------

Preservative:	Sodium azide
---------------	--------------

Precaution of Use:	This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.
--------------------	------------------------------------------------------------------------------------------------------------------------

Storage:	4 °C, -20 °C
----------	--------------

Storage Comment:	Store at 4°C for frequent use. Stored at -20°C in a manual defrost freezer for two year without detectable loss of activity. Avoid repeated freeze-thaw cycles.
