

### Datasheet for ABIN7640535

# anti-Inhibin alpha antibody

#### Overview

| Quantity:    | 100 μL   |
|--------------|--|
| Target:      | Inhibin alpha (INHA)   |
| Reactivity:  | Human  |
| Host:        | Mouse  |
| Clonality:   | Monoclonal   |
| Conjugate:   | This Inhibin alpha antibody is un-conjugated   |
| Application: | Western Blotting (WB), Immunohistochemistry (IHC), Immunocytochemistry (ICC), Immunoprecipitation (IP) |

#### **Product Details**

| Purpose:          | Monoclonal Antibody to Inhibin Alpha (INHa)   |
|-------------------|---|
| Immunogen:        | RPA395Hu01Recombinant Inhibin Alpha (INHa)  |
| Clone:            | H2  |
| Specificity:      | The antibody is a mouse monoclonal antibody raised against INHa. It has been selected for its ability to recognize INHa in immunohistochemical staining and western blotting. |
| Cross-Reactivity: | Rat   |
| Purification:     | Protein A + Protein G affinity chromatography   |

## Target Details

Target: Inhibin alpha (INHA)

## Target Details

| Alternative Name:   | INHa (INHA Products)  |
|---------------------|---|
| Background:         | INH-A   |
| UniProt:            | P05111  |
| Pathways:           | Peptide Hormone Metabolism, Hormone Activity, Negative Regulation of Hormone Secretion  |
| Application Details |   |
| Application Notes:  | Western blotting: 0.2-2 μg/mL,1:500-5000 Immunohistochemistry: 5-20 μg/mL,1:50-200 Immunocytochemistry: 5-20 μg/mL,1:50-200 Optimal working dilutions must be determined by end user.   |
| Comment:            | The thermal stability is described by the loss rate. The loss rate was determined by accelerated thermal degradation test, that is, incubate the protein at 37°C for 48h, and no obvious degradation and precipitation were observed. The loss rate is less than 5% within the expiration date under appropriate storage condition. |
| Restrictions:       | For Research Use only   |
| Handling            |   |
| Format:             | Liquid  |
| Concentration:      | 1 mg/mL   |
| Buffer:             | 0.01M PBS, pH 7.4, containing 0.05 % Proclin-300, 50 % glycerol.  |
| Preservative:       | ProClin, Sodium azide   |
| Precaution of Use:  | This product contains ProClin and Sodium azide: POISONOUS AND HAZARDOUS SUBSTANCES which should be handled by trained staff only.   |
| Storage:            | 4 °C,-20 °C   |
| Storage Comment:    | Store at 4°C for frequent use. Stored at -20°C in a manual defrost freezer for two year without detectable loss of activity. Avoid repeated freeze-thaw cycles.   |
