

Datasheet for ABIN7642114

anti-LARS antibody

Overview

Quantity:	100 μL
Target:	LARS
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This LARS antibody is un-conjugated
Application:	Western Blotting (WB), Immunohistochemistry (IHC), Immunoprecipitation (IP), Immunocytochemistry (ICC)

Product Details

Product Details	
Purpose:	Polyclonal Antibody to Leucyl tRNA Synthetase (LARS)
Immunogen:	RPC998Hu01Recombinant Leucyl tRNA Synthetase (LARS)
Isotype:	IgG
Specificity:	The antibody is a rabbit polyclonal antibody raised against LARS. It has been selected for its ability to recognize LARS in immunohistochemical staining and western blotting.
Cross-Reactivity:	Mouse, Rat
Purification:	Antigen-specific affinity chromatography followed by Protein A affinity chromatography
Target Details	
Target:	LARS

Target Details

Alternative Name:	LARS (LARS Products)
Background:	LEURS, LARS1, LEUS, RNTLS, Leucine tRNA Ligase 1, Cytoplasmic
UniProt:	Q9P2J5
Pathways:	EGFR Signaling Pathway

Application Details

Application Notes:	Western blotting: 0.5-2 μ g/mL,Immunohistochemistry: 5-20 μ g/mL,Immunocytochemistry: 5-
	20 μg/mL,Optimal working dilutions must be determined by end user.
Comment:	The thermal stability is described by the loss rate. The loss rate was determined by accelerated
	thermal degradation test, that is, incubate the protein at 37°C for 48h, and no obvious
	degradation and precipitation were observed. The loss rate is less than 5% within the expiration
	date under appropriate storage condition.
Restrictions:	For Research Use only

Handling

Format:	Liquid
Concentration:	500 μg/mL
Buffer:	PBS, pH 7.4, containing 0.02 % Sodium azide, 50 % glycerol.
Preservative:	Sodium azide
Precaution of Use:	This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.
Storage:	4 °C,-20 °C
Storage Comment:	Store at 4°C for frequent use. Stored at -20°C in a manual defrost freezer for two year without detectable loss of activity. Avoid repeated freeze-thaw cycles.
