Datasheet for ABIN797242  
**anti-Spexin antibody (AA 36-58)**

## Overview

|                      |                                       |
|----------------------|---------------------------------------|
| Quantity:            | 100 µg                                |
| Target:              | Spexin (SPX)                          |
| Binding Specificity: | AA 36-58                              |
| Reactivity:          | Human                                 |
| Host:                | Rabbit                                |
| Clonality:           | Polyclonal                            |
| Conjugate:           | This Spexin antibody is un-conjugated |
| Application:         | ELISA                                 |

## Product Details

|               |   |
|---------------|---|
| Immunogen:    | Synthetic peptide corresponding to aa 36-58 of human Spexin |
|               | Type of Immunogen: Synthetic peptide                        |
| Isotype:      | IgG   |
| Specificity:  | Human Spexin.   |
| Purification: | Purified  |

## Target Details

|                   |                                      |
|-------------------|--------------------------------------|
| Target:           | Spexin (SPX)                         |
| Alternative Name: | SPX ( <a href="#">SPX Products</a> ) |

## Target Details

|             |   |
|-------------|---|
| Background: | Name/Gene ID: SPX<br><br>Synonyms: SPX, C12orf39, Neuropeptide Q, Spexin, NPQ |
| Gene ID:    | 80763   |
| UniProt:    | <a href="#">Q9BT56</a>  |

## Application Details

|                    |  |
|--------------------|--|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only  |

## Handling

|                  |  |
|------------------|--|
| Format:          | Lyophilized  |
| Reconstitution:  | Sterile distilled water  |
| Concentration:   | Lot specific   |
| Buffer:          | Lyophilized  |
| Handling Advice: | Aliquot to Avoid repeated freezing and thawing.  |
| Storage:         | -20 °C   |
| Storage Comment: | Lyophilized powder may be stored at -20°C. Stable for 1 year at -20°C. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Reconstituted product is stable for 1 year at -20°C. |
