Target Details

Target:	SCNN1B
Alternative Name:	SCNN1B (SCNN1B Products)
Background:	Synonyms: BESC1, ENaCb, SCNEB, ENaCbeta, Amiloride-sensitive sodium channel subunit

Target Details

beta, Beta-NaCH, Epithelial Na(+) channel subunit beta, Beta-ENaC, Nonvoltage-gated sodium channel 1 subunit beta, SCNN1B

Background: Sodium permeable non-voltage-sensitive ion channel inhibited by the diuretic amiloride. Mediates the electrodifusion of the luminal sodium (and water, which follows osmotically) through the apical membrane of epithelial cells. Plays an essential role in electrolyte and blood pressure homeostasis, but also in airway surface liquid homeostasis, which is important for proper clearance of mucus. Controls the reabsorption of sodium in kidney, colon, lung and sweat glands. Also plays a role in taste perception.
