### 1 Image

#### Overview

|               |                              |
|---------------|------------------------------|
| Quantity:     | 100 µL                       |
| Target:       | Influenza Nucleoprotein (NP) |
| Reactivity:   | Influenza A Virus            |
| Virus Strain: | A/Puerto Rico/8/1934         |
| Host:         | Mouse                        |
| Clonality:    | Monoclonal                   |
| Conjugate:    | Un-conjugated                |
| Application:  | ELISA, Western Blotting (WB) |

#### Product Details

|            |                                                                                                                                                                                               |
|------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen: | Influenza A Virus Nucleoprotein antibody was raised in Mouse using a purified recombinant fragment of Influenza A virus nucleoprotein expressed in E. coli strain BL21(DE3) as the immunogen. |
| Clone:     | CD3G-0409                                                                                                                                                                                     |

#### Target Details

|                   |                                                                 |
|-------------------|-----------------------------------------------------------------|
| Target:           | Influenza Nucleoprotein (NP)                                    |
| Alternative Name: | Influenza A Virus Nucleoprotein ( <a href="#">NP Products</a> ) |
| Target Type:      | Influenza Protein                                               |

## Application Details

|                    |                                   |
|--------------------|-----------------------------------|
| Application Notes: | ELISA: 1:10,000, WB: 1:500-1:2000 |
| Restrictions:      | For Research Use only             |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | as a liquid In ascitic fluid containg 0.03 % sodium azide.                                                             |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Avoid repeated freeze/thaw cycles                                                                                      |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at 4 °C for short term storage. Store at -20 °C for long term storage.                                           |
