## Goat anti-Llama IgG (Chain gamma), (Heavy & Light Chain) Antibody (FITC)

### Overview

Quantity:	1 mg
Target:	IgG
Binding Specificity:	Chain gamma, Heavy & Light Chain
Reactivity:	Llama
Host:	Goat
Conjugate:	FITC
Application:	Flow Cytometry (FACS), Immunomicroscopy (IM)

### Product Details

Immunogen:	Purified Llama IgG, whole molecule
Specificity:	Based on IEP, this antibody reacts with: heavy (gamma) chains on llama IgG, light chains on all llama immunoglobulins
Characteristics:	Fluorophore: Fluorescein-5-isothiocyanate (FITC) Amax = 494 nm, Emax = 518 nm. Fluor Protein Ratio: Moles FITC per Mole Antibody.
Purification:	Affinity purified using solid phase Llama IgG (H and L)
Purity:	> 95 % based on SDS-PAGE

### Target Details

Target:	IgG
Abstract:	<a href="#">IgG Products</a>

## Target Details

---

Target Type: Antibody

## Application Details

---

Application Notes: This conjugate is suitable for immunomicroscopy and flow cytometry.  
The optimal working dilution should be determined by the investigator. Suggested starting dilution: 1:20 - 1:2,000 for most applications

Comment: Country of Origin: Goat serum was obtained from healthy animals of US origin and under the care of a registered veterinarian. nm  
Excitation/Emission wavelength: 494 nm/514 nm

Restrictions: For Research Use only

## Handling

---

Format: Liquid

Concentration: 1.50 mg/mL

Buffer: 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2, 1 % (w/v) BSA, Protease/IgG free

Preservative: Sodium azide

Precaution of Use: WARNING: Reagents contain sodium azide. Sodium azide is very toxic if ingested or inhaled. Avoid contact with skin, eyes, or clothing. Wear eye or face protection when handling. If skin or eye contact occurs, wash with copious amounts of water. If ingested or inhaled, contact a physician immediately. Sodium azide yields toxic hydrazoic acid under acidic conditions. Dilute azide-containing compounds in running water before discarding to avoid accumulation of potentially explosive deposits in lead or copper plumbing.

Handling Advice: Product is photosensitive and should be protected from light.

Storage: 4 °C
